

# MILES OFF BROADWAY

presents

## **BABA YAGA** and the pearl of the east

Ninth in a series of original children's musicals, this story takes place on the shores of Lake Baikal in central Russia. The townspeople are at their wits end. Their beautiful lake is being polluted and Tzar Pewtinoff is not willing to do anything to stop it! What to do? Send someone to see Baba Yaga the Wise (and Terrible)! But few have ever seen her and most are afraid of her. Her hut, sits atop two chicken legs and is said to have a mind of it's own...Featuring a cast of 25, including a very nasty villain, this children's musical with pit band is a fairy tale full of fun, facts, and fantasy - sure to please young and old alike.
