90 Miles Children's Summer Musical begins its 7th year with another ORIGINAL musical - book by Judy Elliot & music by Judy Elliot, Janet Salt & Charles Frommer. The very lucky and quirky animals at Melina's B & B (Bird & Beast) Sanctuary - where every animal can "come and go as they please" - receive letters from endangered relatives and decide they want to do something to help!! They plan a Cabaret - but Melina reminds them that they need to pretend to be HUMANS, dressed as ANIMALS, in order for their HUMAN audience to accept their entertainment!! In the 'style' of "Ice Age" - this 90 Miles children's musical is funny AND informative concerning the environment and what we as humans can do to help!
